5. Promotional Social Media Post for an AI Workshop

Aim:

To design zero-shot, one-shot, and few-shot prompts for creating a promotional social media post for an AI Workshop.

Procedure:

1. Identify the workshop topic and target audience.
2. Prepare prompts using three prompting techniques.
3. Generate promotional posts.
4. Compare creativity, engagement, formatting, and call to action.

Prompt:

Zero-shot:

Create an engaging social media post promoting an AI Workshop. Include workshop benefits, target audience, a call to action, emojis, and hashtags.

One-shot:

Example:
Join Our Python Workshop!
Learn coding basics and improve your programming skills. Perfect for students and beginners. Register now!

#PythonWorkshop #Coding

Now create a similar promotional post for an AI Workshop.

Few-shot:

Example 1:
Data Science Workshop!
Explore data analysis and develop practical skills.

#DataScience #Workshop

Example 2:
Web Development Workshop!
Learn website development and discover new technologies.

#WebDevelopment #Technology

Now create a promotional post for an AI Workshop. Include AI benefits, target audience, emojis, a call to action, and relevant hashtags.

Output:

Zero-shot:

Join Our AI Workshop!

Discover Artificial Intelligence and learn how AI is used in real-world applications. Improve your knowledge of machine learning and intelligent technologies.

Suitable for students and beginners.

Register now and explore the future of AI!

#AIWorkshop #ArtificialIntelligence #MachineLearning

One-shot:

Comparison:

Criteria	**Zero-shot**	**One-shot**	**Few-shot**
Creativity	General	Follows sample	Consistent promotional style
Engagement	Good	Simple	More engaging structure
Formatting	Basic	Similar to example	Organized with emojis
Call to action	Included	Included	Clearly emphasized

Result: Few-shot prompting produced a structured and engaging promotional post. One-shot was concise, while zero-shot provided a general advertisement.
